Overview

Please use the following risk assessment form to enable us to work together to understand how safe your home working space is.

Look at each of the risks in the first column, answer 'yes' or 'no' as applicable and make a note of what you believe needs to be done to reduce or remove the risk if necessary.

Once completed, please forward the completed form to one of the Company Directors; they will then schedule a meeting with you to discuss any actions that need to be tracked/followed up.
